# **About Me Page**

Hello!

Hello! I'm Valentinus. Currently studying at Coder Academy with a goal of joining the Web Development industry as a junior full stack web developer!

Background

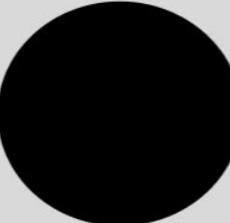

I'm originally from Vilnius, Lithuania. I moved to Australia in 2017 and have since become a citizen. I've always loved problem solving so this has led me to be interested in IT. As a result, I worked as a computer repair technician and since 2019 have been working at Apple as an Operations Specialist.

Interests

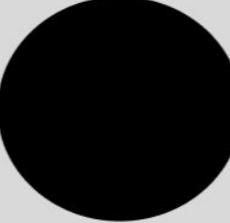

I love to challenge myself and strive to be the best version of myself I can be, whether it's at work or my personal life. I love to be fit and workout and have future aspirations of competing in weightlifting. It's incredibly empowering seeing yourself grow and become stronger which helps me challenge myself in other parts of my life! I also love traveling and cooking as well as checking out how different gyms are around the world!
